Field Portable Duffle Bag Cleaning Kits

FCP2 kits offer a complete selection of optical cleaning products for field cleaning of connector end-faces in a convenient duffle bag style carry case. These popular kits are also available with inspection and loss testing options. All kits combine **Base Cleaning Package** plus various cleaning accessories as well as inspection and test equipment. **Base Cleaning Package** includes: FCC2 cleaning fluid, FiberWipes, Cletop SB, SC and LC One-Click Cleaners, and Debris Destroyer in a convenient duffle bag style carry case.

FCC2 Fiber Optic Cleaning and Preparation Fluid

The AFL FCC2 Enhanced Formula Fiber Optic Cleaning and Preparation Fluid is a non-flammable, environmentally safe, residue free solvent engineered to easily remove contaminants from fiber optic end-faces and bare fiber. The FCC2 cleaner is packaged in a compact spill-proof container with 3-way dispenser intended for easy one-handed use with WFW FiberWipes™, convenient wetting of CCT connector cleaning tips, and spray nozzle functionality.

WFW FiberWipes

Specifically designed to remove and trap common contaminants found in fiber optic installations, FiberWipes provide superior cleaning results from material that is stronger and more absorbent, yet softer than traditional cellulose wipes. Packaged in a clean room, the fabric is fully optical quality grade.

Cletop Connector Cleaner

The Cletop connector cleaner is a rugged palm-sized cleaner that offers exceptional performance with a proven track record. CLETOP cleaners have refillable cleaning tapes with 400 cleans per tape making them ideal for lab and field use. The simple push button shutter operation makes cleaning connectors quick and easy.

One-Click® Cleaner

The One-Click Cleaner is an easy-to-use option for cleaning connectors on jumpers and in adapters. Simply insert the One-Click Cleaner into an adapter and push until an audible “click” is heard. The One-Click Cleaner uses the mechanical push action to advance an optical grade cleaning tape while the cleaning tip is rotated to ensure the fiber end-face is effectively, but gently cleaned.

FCC3 Debris Destroyer™ Fiber Cleaning Pen

FCC3 Debris Destroyer is a cleaning pen for fiber optic connectors and bare fiber. Use the Debris Destroyer to moisten cassette cleaners such as CLETOP-S, or FiberWipe, as well as One-Click cleaners for the wet cleaning of tough end-face contamination challenges.

Field Portable Duffel Bag Cleaning Kits

FCP2 Kits Ordering Information

All FCP2 kits combine **Base Cleaning Package** plus various cleaning accessories as well as inspection and test equipment.

- **Base Cleaning Package** includes: FCC2 cleaning fluid, FiberWipes, Cletop SB, SC & LC One-Clicks, FCC3 Debris Destroyer, duffel bag style carry case.
- Each FCP2-01/-04/-05 Kit adds inspection capabilities to the Basic Cleaning Kit with OFS300-200 inspection scope and either FOCIS Flex or FOCIS Duel inspection probe.
- FCP2-02 Kit adds OFS300 inspection scope along with multimode and single-mode loss test capabilities (CSM1-2 power meter, CSS1-MM 850/1300 nm, and CSS1-SM 1310/1550 nm light source).
- Each FCP2-04 /-05 Kit includes TRM® 2.0 Basic Test Results Manager reporting PC software (Basic License) and offers AFL's FOCIS App (iOS and Android) as free download. The FOCIS App provides a comprehensive and user-friendly feature set to archive results and prepare inspection reports using AFL's aeRos® cloud-based workflow management platform. FOCIS App is available for Android devices from Google Play and for iOS devices from the Apple Store.
